PROJECTS

Pets Care

[01/01/2023 – 30/06/2023]

This innovative website allows pet owners to schedule appointments, access veterinary advice, manage health records, and even book dedicated time for professional staff to care for their pets. Emphasizing the importance of preventive care, the platform also features information on insurance options and vaccine schedules.

AI Enhanced Restaurant Hub

[01/07/2023 – Current]

Designed a dynamic restaurant website featuring an AI-driven recommender system. The system analyzes user preferences, order history, and real-time data to offer personalized menu suggestions. The website promotes user engagement through a user-friendly interface, menu customization options, and real-time order tracking
